Concerned about leaving your home vacant?

Because we know the importance of having your property show in the best light possible, we want to help you do just that. This is why we offer this 'above and beyond' concierge service where we check your vacant home weekly to see if it needs any of the following:

- Does the lawn and landscaping need attention?
- Does the driveway need shoveled of snow?
- Are there any maintenance issues on the exterior of the home such as missing shingles, broken windows, etc.?
- Are the interior temperature controls set per your request?
- Are there any leaking or running plumbing issues?
- Are all windows and doors secure.?
- Any indoor maintenance issues such as dusting, carpet vacuuming, window cleaning?

You will be contacted if any of the above issues arise during our visit.

This service is normally performed for sellers that have relocated out of the area. However, if you are moving locally and would like to take advantage of this service, please contact our Client Care Coordinators. They will be glad to take care of your home as well.
