HOME SELLING TEAM

What will help you is taking a look at all the options you have available

The Home Affordable Foreclosure Alternative (HAFA) may just be your ticket out of the mess you're mortgage currently has you in. Not only does it help you dispose of your home on your terms, even if you owe more than it's worth, but you can get up to $3,000 for relocation expenses.

With the HAFA program, you can leave with your dignity and credit still in decent shape.

Doing nothing, however, will further you on the path to financial ruin and a credit history that remains in shambles for the next 10 years. Your bank wants to work with you and we have the inside track on how to make it happen.

The longer you wait, the harder it will be to help you solve your problem, resulting in more anxiety, confusion and sleepless nights. ***Isn't it time you got a good night's sleep.***

If you want to keep your home, there may still be time. We should talk to see what your options are.

However, if you're open to selling your home, getting some money to move and potentially saving your credit from up to 10 years of major issues,

then call us now at
