Home Improvements

Hi (FIRSTNAME)

Have you ever wondered what the value is behind home improvements? Have you ever heard of anyone making a ton of improvements only to find that it did nothing to the value of their home?

There are many variables involved in how home improvements affect market value of a home. It is important to keep in mind that not all improvements will be marketable to all buyers. An example of this could be adding a 3 season porch. Adding the 3 season porch might appeal to the homeowner but the new buyer may not want to justify the increase in the price.

If you or anyone you know if thinking about making some improvements to their home, please let me know if I can help answer any questions.

Have a great day,

(AGENT SIGNATURE)
