10 Year Prospect Plan Contact #16, 41, 62, 106, 129

How Long will that Last?

Hi (FIRSTNAME)

I was just putting together a list of average life expectancies on major appliances and plumbing. Here is what I have come up with:

Appliances:

Dishwasher	5-12/years
Washer	5-15/years
Dryer	10-25/years
Oven/Range	15-20/years
Garbage Disposal	5-12/years

Plumbing:

Galvanized Water Pipe	20-25/years
PEX Water Pipe	30-45/years
Hot Water Heater	5-15/years
Septic/Sewer Pump	5-10/years
Well Pump	10/years

These are all estimates for life expectancies. Some items will last longer than others, depending on installation. It is always a good idea to do some research on anything you plan on purchasing. Please let me know if I can help.

Feel free to pass it along.

I hope you have an AWESOME day!
